

NIPISSING FIRST NATION
Traditional Anishnaabek Resource Person

As part of the Cultural Planning Project, we are collecting information regarding Nipissing First Nation members who are cultural leaders in our community. Although as a community, we all basically know who does cultural work in our community, everyday we have new staff and new community members who do not know this information. To protect people and to make sure that the cultural services people are receiving are legitimate, we are preparing a list of cultural workers who will be sanctioned by the NFN culture committee.

We have been working with the NFN culture committee and together we have agreed on a basic form to complete. Please note that this form calls for references, a recent criminal record check, and testimonials (if you have them). If you are a Nipissing band member who does any of the work listed on this form, please take the time to complete the necessary information and return this to:

Glenna Beaucage
Cultural Planning Coordinator
Nipissing First Nation Public Library
24 Semo Road
Garden Village, Ontario P2B 3K2

Or request an electronic copy by emailing: glennab@nfn.ca.
